Suwanee Echoes

Vol. II No. 51 July 10, 1936

White Springs, Florida.

NEW BUILDINGS COMPLETE

This witnessed the completion of the two new buildings that were being constructed at this camp. The building used as a mess hall has been in use for several days or at least most of the week. The building for Forester's Quarters has not yet been put to use but will be in use soon.m

This building has caused quite a bit of changing around for the cooks. The kitchen is now in the lower end of the mess hall. The tables are in order as they were previously and the Officers Mess is in the same end of the building that it was put before. The kitchen is plenty roomy and gives the cooks plenty of room to work.

It is evident that these new buildings will effect the educational set up as it is planed to arranged to include the educational program in the space that is not being used and probably used the entire recreation hall for recreation purposes. This of course will be of an advantage for everyone. It will provide more room and better class rooms and will give space for more men to work comfortably.

Most of the finishing has been completed not and then some minor object is replaced and the grounds are continuously being worked on around these building making it much more neater and improving the looks.

BASEBALL TEAM GO TO HOMERVILLE

The baseball team from this company to Homerville, Ga. this week-end to play the third game of the tit le matches that were to be played off in the league schedule.

Mr. McCarty, Camp Educational Adviser accompanied the team on the trip to Homerville. The team has good spirit and is expected to leave Homerville with a victor although the other two games were droped to Homerville.

- -

CHAPLAIN DEAL HERE

Chaplain Deal, Sub-District Chaplain was in camp this week on his first trip of the month. He spoke to the men in the mess hall and gave a very impressive talk. The Chaplain will be back again some time during the month. We are all looking for his return.

MR. PATE RETURNS

Mr. Pate, Project Superintendent, who has been on leave returned to camp last Monday to assume his duties as Project Superintendent. During his absence Mr. Leynes, Engineer, acted as project superintendent. He covered quite a bit of territory during his leave which took in part of Alabama and Georgia.

Everyone is glad to see him assume his duties and be in camp again.

Publishedever week by the Eduational Department, Company 450, CCC, CampP-53, White Springs, Florida.

Lt. J.A. Mercer, Commanding Officer.
Capt. P. B. Hall Camp Surgeon .
Lt. Wm. J. Engert Mess Officer.
Mr. W. A. McCarty, Educational Adviser.

Poem
By C. W.Johnson

I walk a road and trod a square
Of earth. to view the beauties there ,
The flowers, the trees and everything,
I saw the birds and the beesawing ,
I gazed and wondered minutes through,
And pondering I looked around
And more and wonderous beauties found.
I could but see, I could not know
What made thosethings that grasp at me so.

I found a path along the sod ,
A twisting path , so long untrod
The shrinking violet raised its head.
I saw, and Wondered whence it led
And wondering , Istepped upon
The pathway and it led me on .
While thoughtfully I moved along
I felt and heard a soothing song,
Amocking Bird quite far a away
Sat trilling out his round-a-lay.

I walked along and chanced to spy
A crimson flash which caught my eye
And held, till I to satiate
My mind, must needs investigate
And so I turned with rising zest
And traced a cardinal to its nest ,
A turning off I wandered far
Into field of tiny stars;
Thence passing on in watchfull mood
Ingained the entrance to a wood.

SUWANNEE PHILOSOPHY
By C. W. Johnson

For the benefit ofsome of our patrons who do not posess a large vocabuary , we will devote this small space to a bettre comprehension of the English language.
The correct meaning of words which are often used incorrectly.
Debate- That which is placeed on a fish hook

Satan- A smooth soft cloth.
Romance-Insects and termite s in time of Ceasar.
Termite- To end .
Catsup- To overtake .
Juncture-Hole in a tire.
Butte-three conjuctions.

JOKES

THE TREE ALIGATOR
The customer was proving most exacting and the assistant was growing impatient. "Now you are sure that this is genuine alligator skin?" the customer asked, critically examing a handbag.
"Quite sure, Madam", was the reply, "I know the man who shot this alligator".
"It looks rather dirty though". Said she.
"well yes," Replied the assistant, "thats where the animal struck the ground when it fell out of the tree".

COMMENCE:
A Yale player was teaching some three C boys how to play foothhll. Now explained the rules and ended as follows:
"remember fellows, if you can't kick the ball, kick some fellow on the other side". Now where's the ball?"
"To hell with the ball", one of the men yelled, "lests start the game".

RESULTS:
Would-be advertiser: But are you sure that an advertisement in your paper will bring results".
EADIE: Absolutely, why the last time an farmer near camp advertised a lost dog, the dog walked in while the ad was being writen out.

AIRMAN: (after landing in a tree)
"I was trying to make a new record"
FARMER: "you did. You are the first man to climb down that three before climbing up it.

NEW OWNER:
He took her hand in his and gazed proudly at the engagement ring he had placed on her finger only three days before.
"Did your friends admire it?" CASE enquired tenderly.
"They did more than that" she replied.
"Two of them recognised it".

Hotel Page: "telegram for Mr. Neidsponcivani.
Mr. Niedsponivani."
"Mr. Niedsponivani: "What initials Please".

1936SUCCESS STORY:
He had tried hard several times, ubt failed. There had always been some excuse- his health, youth, apperance. This time he was determined there would be no more excuses.
Bruskly he elbowed his way through dozens of applicants, past private desks, directly to the office of the chief executive.
"Now, look here", he began. He spoke forcefully brushing aside all protests. Ten minuets later he, smiling scornfully, he marched out past the waiting mob. At last he was on relief.

WE:
The bride of a few weeks noticed that her husband was despressed.
"Otis, Dearest", she said, "I know something is troubleing you, and I want you to tell me what it is; your troubles are our troubles now".
Oh, very well, he said, "We've just had a letter from another girl and she is suing us for breach of promise".

NIGHT SCHOOL

For the past week the night school has grown considerable and we still have room for more students. The light is getting better and better all the time. Two new lights were put in use this week and the room continues to get getter. A new table was built and put in use. Instead of the present number of students we could very easily take care of twice that many.

If you do not want to joing our night school enroll in one of the classes that the foresters are teaching. You will find valuable information. You may also take correspondence work if you like. The charges will run about one dollar and one-hald during the month. In a few courses the cost is a little more.

Drop in and we will try to organize any class that anyone is interested in. If there is an individual we will do our best to help him improves himself or try to secure the material for him to work with. It will take very little time to come by the Educational room and see what you are interested in.

I guess That I had better say good-by to them Surveyors's before they leave, SuWamee Echoes Wishes Them the best of luck.

ONE YEAR AGO

Taken from "Suannee Echoes", date July 12, 1935

Suwannee Echoes extends it's greetings and best wishes to the camp's new commanding Officer, First Lieut. Walter D. Gailleteau, 347 th Infantary . Lt. Cailleteau is a resident of Alexandria, Louisiana.

Captain K. W. Lunn, former Commander of this company was called to FortScreen Georgia last Monday, July 8, where he will asume another posirion.

Lt. James L. Perkins is now mess officer. In the past Capt. Lunn the previous Company Commander was Mess Officer, of the Company.

Leon Missildine and on Herrin both won twenty five dollars on bank night at the theater in Lake City.

CaptianP. B. Hall, Camp Surgeon of this camp for over two years has just recived another camp for his care.

Arecent report statesthat Captain K.W.Lunn former Commander of thisCompany is now stationed at Sanderson, Fla.This camp is a colored camp about twenty miles north east of Lake City .

This camp is only about twenty five miles from our camp accross the woods.

We hope that Captain Lunn will like his new assignment.

We dont knowwhat Hodges is going to do since his girl in White Springs is going to get married

What is Frank and Wheeler going to do now that they cant go visitng any more.

Mac says it's no use Potes like a V8. We wonder?

We wonder if the G.I.taxi is giving Jimmie Watson anycompetion now.

We wonder how Lovett would feel to be off K. P. one week endd.

Lunsford must be down hearted now that he cant go to see his girl .

Itis noticed that Dyal is staying pretty clost to camp here lately
we wonder what is wrong ?

For past two or three weeks Verg has been acting like sick could it be th at that he is love sick ?
We think he will be all right now that his girl is back.

What is J.P. going to do now that he is going to have to leave his girl and go to(Chiply

Mitchel's girl will sure be lonsomewhen he goes to Chiply.

Hayns will have them all to himself since the boys are going a away.

We guess Bell's girl sure is lonsome since he is on night guard.

Jimmie what made you ask Green's Dad if he was in trouble ,havent you got no more confidence in him than that , did surprize you when he said no ?

Green, what made you wish so much that the tractor crew would keep on running cant you get interested in our crew,?

You Guys has better just watch your step because this column will be full next week.

The ladds lately have been wondering why there were some many different guys named Bill. The telephone has revealed numerous dames with numerous Bills. Now just who this guy Bill is will not be hart to tell because he is the big shot Clerk around here. Ant we all think that his assistant has assumed the name of Bill while he is talking to some girls while he always thinks to say that this "Hyman" when he gets the right number.

The Old Shadow would like to have plenty of help for next weeks paper as it will be the anniversary number for Suwannee Echoes or the second anniversary. We expect to make a large paper next week as the paper will only be published twice a month after next week.

The entire company is invited as usual to turn anything that they wish to the paper for publication. If possible it will be published however the staff reserves the right to revise or discard according to their judgement.

The old Shadow will be travleing around next week and if you don't watch your step he will get the dope on you for this next paper. Anyone that wishes to report any Sludge for next week turn it in as early as possible for it will take quite a bit of time to get the paper out as it will be larger than the usual size paper. We would like to have as many help on this paper as possible because it will be the last consecutive weekly issue of Suwannee Echoes. Just remember to leave your dope at the educational room.

SAFETY MEETING

Last Wednesday the company was called out in to the company street by the bugle. As they was called to attention by 1st. Sgt. Middleton Mr. Leynes steped out and assumed the post. Mr. Leynes talked about safety and how the safety regulations would be observed. He also stated that there was only one lost time accident during the entire month wich was an unusual record. Mr. Leynes also warned the men about continuing this record and to be just as careful as they possibly could.

Lt. Mercer them talked to the company for a while. He gave the company orders not to go in swimming without a life guard and in case of an accident he warned them for both parties to hold their head. He also told the company that he was going to improve the swimming hole. Lt. Mercer also stated that the safety meeting would be held every Wednesday hereafter. The Truck drivers, Leaders, and Assistant Leaders are all required to attend these meetings.

After warning the men about snakes in the woods and the use of snake bite outfits as well as about the little buzzing bee, hornet, wasp, and Yellow Jacket, which has caused several swolen faces and hands lately , Lt. Mercer advised that they all stay away from these insects and let them alone and then there would not be much of a chance to get stung, in case of a snake bite he warned of the use of the outfit as soon as possible. Thus the meeting was dismissted and until next Wednesday the men will practice safety and then preach safety at the meeting.

MONOPOLY PLAYED HERE

On a trip to Jacksonville this week Mr. McCarty, Educational Adviser of this company purachased a Monopoly board for the recreational purposes of the company. Very few were familiar with the game but it did not take the group very long to catch onto how the game was played. Mrs. McCarty, whom was familiar with the game gave instructions to a few and thus the fever spread. Now most every man that is interested knows something about the game.

The game seems to run from day light until after dark to be exact ten o'clock. The crowd is always seen figuring and working the best way out. However to tell just how many real business men we will have will be quite hard, but every time there ia a game played there is a winner. A number of from three to eight can play the game but in this case most of the time it is eight. Some of them that are more enthused over the game than other play all day.

- -

NEXT WEEK ANNIVERSARY

Next week will be the 52nd issue of the second volume of Suwannee Echoes. The weekly issues of Suwannee Echoes will be stoped and the paper will be a bi-monthly paper which will be published twice a month.

With the two papers a month we expect to make the camp paper a much better paper and much more interesting. This will br better for all those who reade the paper and wish to help work on.

The reporters will be the same as before and the it will be run on the same principal as before however we expect to have more time making it up which will maker it much more interesting and will cover more space giving much more material to work with.
